‘Tis the Season

Dwayne Engh

This piece was written for and premiered at the 2004 Calgary Stampede Showband Winter Holiday Chamber Ensemble Concert.

It starts with a vocalist solo at the beginning of the piece, chanting the melody from “Creator of the stars of night” (which is the title of the English translation that John Mason Neale did from the Latin of an old Sarum plainsong). Alternatively, it may be (and has been) performed with any other Advent/Christmas melody being sung live (or even with a recording of Christmas choral music). The intent is to create an “otherworldly” or “out of time” feel. When the marimba starts, ignore the tempo of the vocalist and plays the melody rubato as well. It is not until the 5/8 that a strict tempo is set.

The fermatas at measure 76 end the first section. When it was originally performed, a sequenced hip-hop track started during the rolls – and continued to the end of the piece (doing a fade at the end, after the last note is struck). I would recommend starting the track during the fermatas so that tempo can be established before the next phrase starts. Alternatively, a drum set playing any funk/hip-hop groove (any heavy groove that would not normally be considered appropriate for Christmas Carols would be perfect).

When performing, take great care to bring out all the various melodies – so that they can all be heard clearly and recognized by the audience, even when occurring simultaneously.

I hope you enjoy performing “‘Tis the Season”!
