PROGRAM NOTES

Originally developed as a "sandbox" game that allows the player(s) to construct objects, cities, worlds, etc. out of textured cubes in a 3D world, there are four distinct modes when playing *Minecraft*, which has won numerous awards and sold over 54 million copies across all technology platforms. Its brilliance lies in the fact that players have no specific goals and are free to choose how to play the game. This medley was compiled from selected music released with the "Alpha" version of the game.

NOTES TO THE CONDUCTOR

The opening statement is to be played in a connected manner, but not slurred. The bass clarinet line is crossed-cued in several other parts in the opening. In measures 19–34, the flute melodic line may be performed as solo, as a section, or performed as an oboe solo (cued). The same options are available for the clarinet melodic material with the pickups to measures 27–30. The trumpet solo/duet is presented as a performance option starting with measure 63 through 66. The finale of the medley begins with measure 84 and should be performed in the style of "The Great Gate of Kiev."

There are seven different percussion instruments in this arrangement. The parts are crafted so that one player should be able to perform both mallet parts (bells and chimes), and one player performing both the suspended cymbal and triangle parts on the percussion 2 part for a total of five percussionists. The suspended cymbal should be played with soft mallets with one exception in measure 104, when the player should strike the cymbal with the wooden end of the mallet. The timpani part may be performed on two drums, with a change of tuning for each drum between measures 39 and 59. Should there be a need to prioritize percussion due to number of players, the timpani can be eliminated and still achieve the desired overall musical effect. If chimes are not available, perform the entire part on bells.

Have fun with this exciting gamer medley
