## About the Composition

*Panoramic* is an “impression” of a picturesque American landscape as viewed from a panoramic vantage point. While a particular landscape is not suggested, the composer had the woodland area of his home in Blackstock, South Carolina in mind when writing the piece. Polychords are utilized many times throughout the piece and care should be taken to ensure that the individual voices of these chords are balanced and the polychords speak fully. The piece opens with a grand introduction, featuring figures both declamatory and playful. The “A” theme is presented by the woodwinds in m. 13. After two varied statements of this theme, separated by rhythmic interjections between the brass and woodwinds at mm. 22 and 36, the “B” theme is presented in m. 40. A varied repeat of both themes leads to a slow presentation of the “C” theme at m. 87. This section represents the affectionate reflection of the viewer on the perceived landscape. This section leads to a climactic point of arrival in m. 103. The music picks up momentum again in m. 114, which leads to another varied presentation of both “A” and “B” themes. The introductory material returns in m. 145, with the “A” theme joining it in the woodwinds, and brings the piece to a dramatic conclusion.

The Carl Fischer Performance Series for Band has five performance levels to provide you with a highly focused repertoire for your band. Each level has been carefully designed and graded, within specific guidelines, so that each piece in a level will work with your band when it achieves that level. Each level is also color coded for ease in finding the series that will be appropriate for your band, as it develops.

Within each grade level, you will find selections in a variety of styles and genres designed to meet all of your performance and teaching needs. The Carl Fischer composers and arrangers are some of the most respected writers in the business. Their music is dynamic, fresh and eminently worthy of your attention.
